

POINT LOMA WOODS HOA

Consent Form for Electronic Delivery of HOA Documents and Notices

Providing the HOA with your e-mail address allows us to include that information in our member directory and provides a very quick and easy way for us to stay in touch. Your e-mail address will never be sold or distributed for any other purpose.

If you further choose to enroll in electronic delivery of our document distributions, those documents will be sent to you via e-mail and will also be posted on the web (or if privacy concerns prevent such posting, they will be available for you to request on the web). The e-mail messages will include instructions on how to access the materials, if applicable.

This method allows you to view the information at your convenience and print them at your discretion. You will have the opportunity to receive the information earlier than ever before. If this is convenient for you, you will also help our HOA reduce mailing costs or save our board member's time in having to deliver them.

You may enroll in electronic delivery at any time and you can cancel at any time by resubmitting this form. This form is available on the web site at the address:

<http://www.pointlomawoods.org>

- You must have internet access and an e-mail address to view your materials online.
- Completing and submitting this form means you are agreeing to view HOA materials in your e-mail or on the web.

If your e-mail addresses changes or is blocked by anti-spam or junk mail filtering software, you will need to make the appropriate changes or inform us of an alternate contact method in order to continue receiving notices and documents.
